

Bring you to the wireless world ...

Wellshow Technology Co., Ltd is the top manufacturer of mini coaxial cable assembly in Taiwan by owning high productive and precise manufacturing equipment, excellent trained operator, strict production process, and stringent quality control.

The main products are focused on ultra thin coaxial connector cable assemblies, such as Hirose U.FL / H.FL / W.FL, Murata GSC and IPX MHF / MHFIII connector cables.

Our high level manufacturing equipment and strict manufacturing process bring high productivity and stable quality, and also bring competitive price and short lead time for every customer.

Following is the specification of various ultra mini micro coaxial connectors and please just contact us if you are interested in. Your inquiry is the most welcome and will be responded in 24 hours with the most competitive price.

MHF III Micro coaxial connector

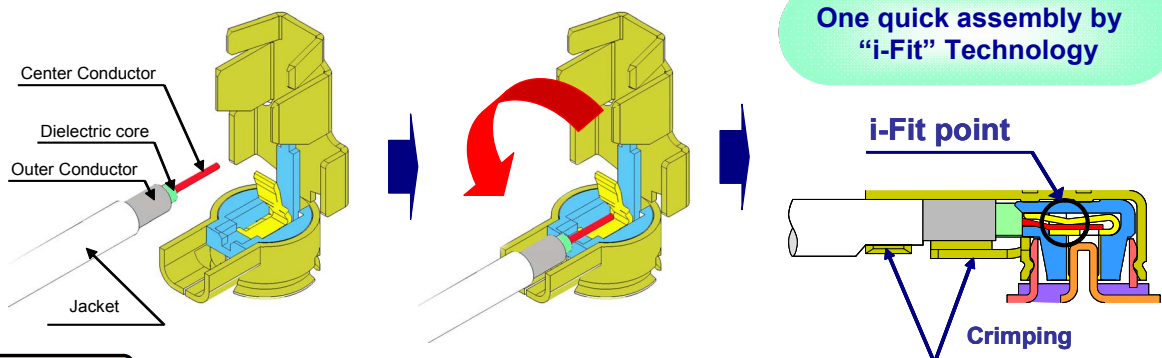

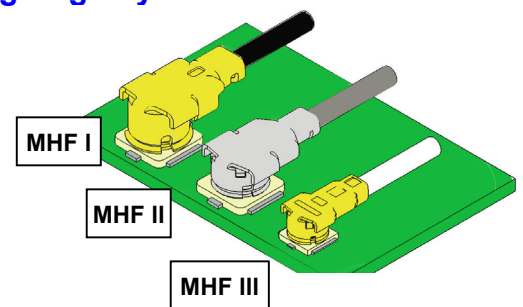

I-PEX proudly introduces **MHF III connector**, which is mainly developed for RF micro coaxial connector to the market of Cell phone, WLAN, Bluetooth, and PDA with remarkable **low profile 1.5mm max. mating height**.

Our well reputed, **"i-Fit"® technology** provides **stable quality and high-frequency property**. Deformation free design is generated by high rigidity structure.

< Key Features >

- Low Profile: 1.5mm MAX. Mating Height
- Applicable Frequency up to 6GHz
- Easy Cable Termination by "i-Fit"® Technology
- Applicable Cable: O.D. 0.8mm Coaxial Cable
- Cable ass'y machine available

Patent pending

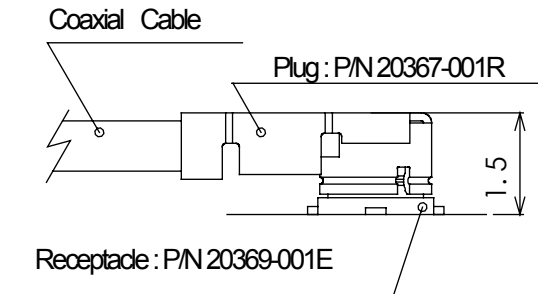

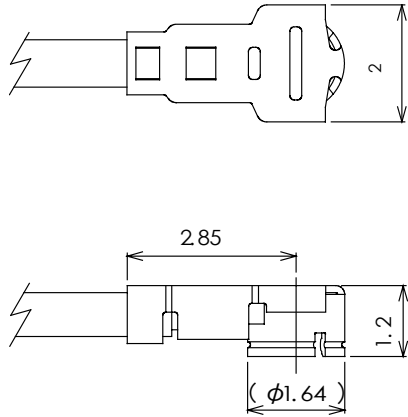

*Specifications subject to change without prior notice for the improvements
